

I Really Like You

Mike Slinn 2024-09-15

I really, really like you.

You're interesting

You can be fun -

huge potential.

This is what attracts me

to you

happiness / manifest.

The only thing I have

to remember you

is the scent

you left on my t-shirt

I sleep with it

every night

so I can remember

how you smell

(I love your scent / woo) x2

When I wake up

(You are not there / woo) x to fade
