

I Love Chocolate (Family Version)

Chorus:

I love chocolate (yes, I do)

I love chocolate (and I love you)

I love chocolate (yes, I do)

I'll share mine with you!

I feed chocolate to my cat

And to my hamster too

They love me very much

'Cause they love chocolate too

I love chocolate toothpaste

My mom says there's no waste

I love chocolate's great taste

My friends and I eat it face to face

I take chocolate for my lunch

And a piece for the teacher too

She says apples are boring to munch

Chocolate makes her feel brand new

Between Valentine and Hallowe'en

You've got the Easter Bunny too

So if you're very, very good

You can eat chocolate till you're blue

Everybody I know loves chocolate

Grandma and Grandpa too

Even if you're not feeling so great

Chocolate is fun to chew
